

AMENDMENTS

In the Abstract

Please replace the Abstract with the following paragraph on page 28 of the application. A replacement sheet of the new Abstract is also attached to the Office Action as a separate replacement sheet.

ABSTRACT OF THE DISCLOSURE

Methods for sending documents are provided. An example method includes determining whether a user sent a copy of document as an email attachment to a first set of at least one recipient via email. If the user sent the copy of the document to the at least one recipient of the first set, the information is correlated with the document so that a copy of a revised version of the document can be sent automatically as another email attachment to the at least one recipient of the first set. Systems and other methods for sending documents also are provided.
